Per garantire il corretto utilizzo nel tempo, si consiglia di verificare periodicamente il serraggio delle viterie.
In order to guarantee stability and life of the product periodically check that the screws are correctly tightened.

Questo tassello si applica sui principali materiali edili:
- calcestruzzo - mattoni pieni e forati - calcestruzzo poroso -
pietre e materiali compatti.

ATTENZIONE: I supporti di fissaggio a parete possono dimostrarsi inappropriati in alcune situazioni dovuti alle caratteristiche strutturali della parete.

The wallplug can be used on most popular building materials such as:

- concrete - solid and hollow bricks - porous concrete - stones and solid materials.

WARNING: The dowels meant to be applied on the wall may not be appropriate in some situations due to the structural characteristics of the wall.
